

ENCOURAGE

Development of Courses for Sustainable Waste Management for Municipalities

Project No.: 2021-1-PL01-KA220-VET-000030417

Release Date: 10/06/2022

3rd Press Release

Second Transnational Project Meeting of the Erasmus+ project “Development of Courses for Sustainable Waste Management for Municipalities” took place in Nicosia, Cyprus on 14th October 2022, at the premises of the EDITC.

It was the time of finalizing the Intellectual Output O1. Benchmarking analysis of skills and competences, needs and challenges for Sustainable Waste Management and Intellectual Output O2. Qualification profile for Waste management specialist with the use of NQF/EQF levels.

EU countries are facing the problem of practical skills for sustainable implementation of Waste Management. Among the problems that municipalities face is the lack of sufficient education of its staff, in order to understand the economic, social and environmental benefits of reuse and recycling and the existing solutions. Within the ENCOURAGE project, there will be developed integrated educational programs for VET education and they will be offered to municipalities and public companies in order to acquire required competencies which help to increase productivity while enabling sustainability for the local community.

Next coordination meeting will be organized in Skopje in June 2023.
